History of Teachitright and what we do

Learn. Develop. Succeed.

Teachitright is a leading tuition company across the South-East specialising in 11+, Independent school entrance exams and English and Maths. Over the last 10 years we have supported thousands of pupils for both grammar school and independent school entry and have an excellent pass rate.

We have 14 tuition centres across Buckinghamshire, Berkshire and Surrey and all children who follow our courses are fully prepared and able to perform to the best of their potential.

- All of our tutors are fully qualified teachers
- Small group sizes with a maximum of 10 children in a class
- Innovative and fun ways of learning
- Excellent pass rates

Throughout the year we offer free workshops to all of our parents on the different subject areas. They include reviewing question types with hints and tips for answering them and useful materials and resources to use at home. This unique offering is thoroughly valued and enjoyed by parents.

In 2011 we first published 11+ material with GL assessment and since then, we have worked with Galore Park (2015/16). We are proudly working alongside one of the country's leading publishers of 11+ material, the University of Buckingham Press to create our own full range of 11+ resources, with the first books available now.

- 10 years of knowledge & experience
- All of our tutors are excellent qualified teachers
- Proven business model with high success rates
- Teachitright supports both children and parents through their tuition journey
- Excellent partnerships with local schools
- High quality service
- Our tutors have written material with leading publishers.

"We found Teachitright to be invaluable in teaching our two daughters and guiding them through the 11+ examination process. They worked hard, enjoyed the classes and had some fun along the way. They both passed and Teachitright were very professional and amenable at all times. We thoroughly recommend them."

“The Marist School is happy to host and to facilitate Teachitright. The input of Chris and the team supports and supplements the academic progress of pupils in whatever school setting they present. The programmes of study provide structured personalised learning pathways. Teachitright develops the speed and accuracy required for pupils to deliver attainment levels and results of a consistently good standard.”
